PROFESSIONAL SUMMARY

Software Developer with practical experience developing full-stack web applications using React.js, Node.js, and Express.js. Skilled in JavaScript, TypeScript, RESTful API development, and modern responsive UI frameworks including Tailwind CSS and Bootstrap. Experienced in version control (Git/GitHub), API testing with Postman, and collaborating in Agile teams to deliver scalable and maintainable software solutions.

PROFESSIONAL EXPERIENCE

Software Developer

Apr 2026 – Present

Vitric Business Solutions Pvt. Ltd

- Contributed to frontend and backend modules of a production application using React.js, Node.js, and Express.js
- Participated in Agile sprint cycles, daily stand-ups, and code reviews using Git and GitHub
- Tested and debugged REST APIs with Postman, ensuring endpoint reliability and data integrity

Full Stack Developer Intern

Sep 2025 – Mar 2026

Manisha Systems

- Assisted in building and maintaining full-stack web applications using React.js, Node.js, and Express.js
- Worked in an Agile development environment, contributing to sprint planning, daily stand-ups, and version control with Git/GitHub
- Performed API testing and debugging using Postman, improving backend stability and application performance

Proprietor

Mar 2019 – May 2023

Maa Sharda Traders & Construction

- Directed end-to-end operations of a construction and trading business across multiple concurrent projects
- Prepared, submitted, and tracked government tender bids, resulting in consistent contract acquisition
- Oversaw site supervision, quality checks, billing cycles, vendor negotiations, and workforce scheduling

PROJECTS

MES - Military Engineering Service

Stack: MongoDB · Express.js · React.js · Node.js

- Designed a secure multi-role authentication system and request pipeline supporting 5 distinct user roles (Admin, Officer, Contractor, Worker, Resident) with dynamic routes and assignment paths.
- Developed real-time dashboard widgets using Recharts to analyze contractor performance and ticket frequencies, integrated with an SLA monitor that escalates overdue tickets to senior officers.

Legal App

Stack: MongoDB · Express.js · React.js · Node.js · Google GenAI

- Engineered an AI-powered legal assistance platform that matches users with verified lawyers by location
- Integrated Google GenAI API for natural-language legal Q&A; secured routes with JWT authentication

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Redux, React Router DOM, Bootstrap, Tailwind CSS, TypeScript, JSX, TSX

Backend: Node.js, Express.js

Database: MongoDB, Mongoose ODM

AI / APIs: Google GenAI, RESTful API Design, JWT

Tools: Git, GitHub, Postman, Thunder Client, VS Code

EDUCATION

Master of Business Administration (MBA) – Human Resources

Aug 2023 – Jul 2025

Govt. PG College, Satna

Bachelor of Engineering (BE) – Information Technology

Aug 2013 – Dec 2018

Lakshmi Narain College of Technology (LNCT), Bhopal

Diploma in Engineering – Information Technology

Aug 2010 – Jul 2013

Govt. Kala-Niketan Polytechnic College, Jabalpur

ADDITIONAL INFORMATION

Languages: English, Hindi
